Python**

May 3, 2025

Abhishek Verma

has successfully completed the online, non-credit Professional Certificate

Microsoft Python Development

Prepare for a career as a Python developer and build in-demand skills with the Microsoft Python Development Professional Certificate. You'll learn core programming concepts, data analysis, web development, automation, and advanced techniques like AI integration and cloud computing. Through hands-on projects, you'll build a portfolio showcasing your ability to develop diverse applications, from web apps to data analysis tools and automation scripts.
